

COUNTY OF MAUI DEPARTMENT OF WATER SUPPLY RAIN BARREL CATCHMENT PROGRAM

IMPORTANT: PLEASE READ THE PROGRAM RULES AND GUIDELINES

Program Rules and Guidelines

1. Applicants must be a current customer with Department of Water Supply (DWS) and provide the current DWS metered service address indicated on the customer's water bill where the Ivy Rain Barrel is to be installed. Indicate both the installation address and the billing address, if they are different.
2. Tenants with an active DWS service account are eligible as long as the property owner is named and **agrees** to and acknowledges the terms of the Rain Barrel Catchment Program and rules herein.
3. Households installing a rain barrel as part of this program must be properly equipped with **rain gutters** to direct rain water runoff from the roof into the barrels.
4. A **pre-installation photo** of the installation area along with the rain gutters **must** be submitted for consideration.
5. Only single-family residential DWS customers can apply for the Rain Barrel Catchment Program.
6. DWS will verify installation of the rain barrel with the applicant and reserves the right to conduct a post-installation survey and inspection.
7. There is a **limit** of one (1) rain barrel per household and if the program continues the following year, you may reapply with no more than two (2) rain barrels **total** for the program.
8. Qualified applicants will be contacted via **email**, by the email address provided on application, with the pickup date, time, and location.
9. Pickups are by **appointment only**, no exceptions. If you schedule a pickup with DWS staff, please call or email to confirm the pickup **48hrs** ahead of time. This program is on a first-come; first-served basis. We are not able to hold the rain barrel, so if you are not able to pick up the rain barrel on the scheduled date and time, please notify us by phone or email. Otherwise your application will be **removed** from the list.
10. Please come prepared with someone to help you pick up and load your rain barrel into your vehicle, if necessary. DWS office staff cannot be responsible for the rain barrel once it is signed for. Please review the program rules and guidelines along with the FAQ section, "How do I get my rain barrel home?"

Disclaimer

DWS reserves the right to deny an application of any participant who does not meet all requirements as outlined. DWS also reserves the right to change the terms of this program at its discretion. DWS cannot guarantee that the installation of the incentives (rain barrels) will result in lower water utility costs. The number of rain barrels is dependent upon the availability of program funds. Applications will be processed on a first-come, first-served basis.

I have read and understand the program rules, information, and disclaimer as stated in the Rain Barrel Catchment Program Application. I agree to install the 50-gallon Ivy Rain Barrel system identified in this application at the subject property. I also understand that by signing here I agree to have an official DWS employee verify the installation of the rain barrel at said property. I agree to indemnify and hold the Maui County Department of Water Supply (DWS), including their officers, and employees, harmless from any and all liability or claims for any damages, quality of work and performance resulting from or alleged to result from the installation of the offered rain barrel incentives, any pre-installation and post-installation surveys or inspections of the premises, and any other activity related to this program, and I hereby release any and all such claims.
